## ANNEX 1

### Comments from Range States on the Proposed Amendments to the EGM IWG Modus Operandi

#### Finland

Finland has no comments and can accept the amendment as is.

#### Germany

Germany cannot accept the proposed amendment without additional changes. Due to our national law and specifications by the Ministry of Finance, Germany has entered a reservation regarding the proposed budget and the scale of contributions. The proposed amendment reads as if the EGM IWG may decide on a scale of contribution for a Range State even if a reservation has been entered. This would violate German law and make it potentially impossible for Germany to continue its membership in the EGMP. Hence, we suggest the addition in green colour:
