

## Agriculture Session

*Report and recommendations from the Agriculture TF*

AEWA/EGMIWG/6.12

**Ingunn Tombre**

## Agriculture TF 2020/2021

- «assisting body»
- 28 members
- 2 TF online meetings (4 September 2020 & 12 March 2021)
- 1 online meeting; webinar-planning committee
- various informal communication among different members

Document title  
Doc. AEWA/EGMIWG/6.12

## Metadata overview

*Making available knowledge available...!*

- 43 activities with 69 corresponding publications listed
- *Remember us when activities are published and/or new projects start!*

The screenshot shows a GitLab repository page for a project named 'list of activities' (Project ID: 24581116). The page displays 5 commits, 1 branch, 0 tags, 317 KB of files, and 317 KB of storage. The current branch is 'master' and the file path is 'list-of-activities'. A recent commit is shown: 'Delete Ongoing\_Activities\_and\_data\_availability\_4\_FEBRUARY\_2021.xlsx' by Gitte Hoj Jensen, authored 1 month ago, with commit hash 50687d8e. The repository includes a README and is licensed under 'No license. All rights reserved'. A table at the bottom shows the commit history:

Name	Last commit	Last update
Ongoing_Activities_and_data_av...	Upload New File	1 month ago

## Keywords in EGMP-processes:

*Transparency, communication, sharing knowledge & experiences*

## Agriculture TF Webinars

A direct response to the fundamental objective: **Minimise agriculture damage and conflicts**

### Webinar I (27 May 2021)

At the interphase between geese and agriculture: *Setting the Scene*

### Webinar II (autumn/winter 2021)

At the interphase between geese and agriculture: *How to manage the damage and conflicts*

Document title  
Doc. AEWA/EGMIWG/6.12

## Webinar organising committee

Johan Månsson

Lovisa Nilsson

Swedish University of Agricultural Sciences/Wildlife Damage Centre

Heinz Düttmann

Ministry of Environment, Energy and Climate Protection of Lower Saxony

Frank Ahlhorn

Wadden Sea Forum

Ingunn Tombre

Norwegian Institute for Nature Research

## Webinar 27 May 2021 – Setting the Scene

- *The format went surprisingly well...!*
- *47 participants*
- *Presentations from 9 range states*
  - *Who, What, Where, When*
- *PDF-files available afterwards*

## Webinar II – How to manage the damage and conflicts (planning phase)

- Timing will be coordinated with other webinars
- tools to involve participants more actively?
- live streaming...?

## Workshop?

- *Possible face-to-face in winter?*
- *Some funding from Sweden*
- *Work in progress....*

## Information and experience exchange between TFs

- *Cross-cutting activities & joint processes*
- *Many TF-members belong to more than one TF*
- *Although not all elements are cross-cutting, TF-specific issues may be relevant for many: suggest to use a flexible approach in meeting-format*
- *Meeting notes open and available*

information sharing

## Recommendations from the Agriculture Task Force

- **Remember to send information about new publications/activities**
  - [ingunn.tombre@nina.no](mailto:ingunn.tombre@nina.no)
- **IWG-members to join the coming webinars! (low-threshold activity)**
- **Support the suggestion about flexible Task Force activities**
  - **sometimes having joint Task Force meetings etc.**
